The Dumping Ground News

Your resource for dump body information and more...

Our Stockyard is Full Mavericks & Stampedes at a Discount

Ox Bodies is not in the business to stock dump bodies, but occasionally, people change their minds and we're left with the dump body to add as "stock". That's no problem—we build what our customers need. As a result, that provides an opportunity for all our customers to go bargain hunting.

Now is the time for you to save a little money. We have discounted our "stockyard" of Mavericks and Stampedes to below market value! The bodies we have available are NOT INSTALLED and will be sold in AS IS condition. Any requested changes to these bodies and installation services will be quoted as separate items.

Shown below is just a **sampling** of what we have available. Please call our experienced sales staff and mention you're calling about our "**STOCK BODIES PROMOTION**" in order to save. We will sell at a discount until they're all gone!
