TRAILOX[®] *Series*

Rugged, Dependable Scrap Trailer from Ox Bodies!

The Trail Ox[®] Series Scrap Trailer from Ox Bodies is designed for residential and commercial demolition projects with large debris, like concrete, brick, asphalt or stone. The Hardox[®] steel construction keeps the Trail Ox Series Scrap Trailer coming back for more, day after day, load after load.

Available in lengths up to 40 feet, with side/end heights up to 72 inches, the Trail Ox Series Scrap Trailer is ready for the most challenging projects. This frameless trailer has an impressive 60-cubic-yard capacity and features a standard front mount hoist and a swing style tailgate.

A variety of configurations and options are offered to meet your specific hauling needs.

STANDARD FEATURES:

- Inside length of 40'
- Inside body width of 85". Outside body width 96"
- Side / Front / Tailgate Heights: 72"
- 60 cubic yard capacity
- Side / Front / Tailgate materials: 3/16" Hardox steel
- Standard front mount hoist
- Swing style tailgate
