

OX BODIES®

"As Strong As An Ox"

STOCKYARD

Ox Bodies® is excited to present our Stockyard™ line of dump bodies – now available with fold-down sides! The Stockyard™ series consists of two different product offerings for the medium duty truck market. The unique design includes corrugated side panels, eliminating the excess weight from line posts without sacrificing any structural integrity. Ideal for contractors, landscapers and more, the Stockyard™ is great for hauling sand and small aggregates. The all-new fold-down side option creates additional versatility and is great for loading pallets with a forklift. Ideal for Class 3-5 chassis with 68" to 108" CA. Ox Bodies is the premier dump body manufacturer in North America, delivering top-quality products and service to our customers for over 50 years.

1 FOLD-DOWN SIDES (OPTIONAL)

Fold-down sides are extra versatile and great for loading pallets with forklifts

2 CORRUGATED SIDES

Corrugated side reinforcement eliminates the need for line posts

3 ELECTRIC HOIST (OPTIONAL)

Perfect for trucks without PTO provisions
